WASHINGTON (AP) — President Johnson gave orders today that any future sit-in demonstrators at the White House be evicted promptly regardless of the cause they support.

## Reds Thrown Off Balance By American Jets

WASHINGTON (AP) — Officials here view the new U.S. jet strikes against Communist formations in South Viet Nam as showing success in throwing the Reds off balance and inflicting casualties.

But military authorities in South Viet Nam appear much less bullish. Reports reaching the Pentagon indicate these authorities feel the contribution of the jet strikes has been small so far. However, it is noted that the operation has been under way only since Feb. 24.

Apart from actual damage inflicted on the Viet Cong, authorities evidently hope the jet strikes will demoralize the Communists and boost the morale of the South Vietnamese forces. One U.S. adviser was quoted as telling his superiors that South Vietnamese troops in one area reacted jubilantly.

The strikes have been made by F100 fighter bombers and B57 light bombers. The B57s alone flew about 150 sorties in one section over a 10-day period.

It is said here that the decision to call in the U.S. jets for use inside of South Viet Nam for the first time grew in part from the appearance of larger concentrations of the Viet Cong. In the past, much of the Red activity was in the form of ambush and terrorism by relatively small bands of guerrillas.

Coming out more in the open in larger groups, the Communists were considered to have become "more appropriate targets" for the fast-flying, heavily armed jets.

## Belding Manager Quits \$9000 Job After Six Months

BELDING (AP) — Charging "interference" in his municipal reorganization programs, City Manager Maxwell Davenport resigned today after only six months in his \$9,000 post.

Davenport, who had served previously as city manager at Grayling, Cadillac and Marquette, did not disclose his plans for the future.

His letter of resignation was accepted at a special meeting of the city council which authorized the city clerk-treasurer to sign legal documents in behalf of Belding until a successor for Davenport is named.

## DeGaulle Ideas In Vietnam War Irk Washington

WASHINGTON (AP) — The attitude of Washington officials toward the actions of French President Charles de Gaulle ranges from annoyance to acute frustration. At the moment acute frustration is on the increase.

This could have become explosively apparent in recent days were it not for the fact that President Johnson decided long ago against open quarreling with De Gaulle because he wants to minimize damage to the Atlantic Alliance and to long-term French-American relations.

Frustration has swelled behind the scenes, however, because many officials are convinced De Gaulle's present active diplomacy has the effect of undermining U.S. war policy in Viet Nam.

The problem is not that France wants a peaceful settle-

## Chicago Jury Clears Stratton

CHICAGO (AP) — The Stratton family talked about pride, prayers, appreciation and politics Thursday after the acquittal of former Gov. William G. Stratton on income tax evasion charges.

"It's been a long time," Shirley Stratton, his wife, said of the trial. "I've been sustained by tremendous faith in my husband and in God. I can't tell you how strongly I feel for the jury system of this country."

"My son has been equal to many things," said Zula Stratton, his mother. "And I think this (the trial) showed he could take it."

"We live in a pretty wonderful country," said Stratton, 51, who was Republican governor of Illinois from 1952 to 1960. "If you are right, the jury will go along with you."

The comments, and many more, came from the happy family after a U.S. District Court jury of six men and six women acquitted Stratton.

Stratton was accused in a four-count indictment of evading payment of nearly \$41,000 on allegedly unreported income of \$83,000 from 1957 to 1960, his second term in office. The trial began Jan. 4. The case went to the jury late Wednesday.

## One Day Missed In Free Press Work Stoppage

DETROIT (AP) — The Detroit Free Press published on schedule again today after missing all editions of the previous day because of a pressmen's work stoppage following one pressman's firing.

Local 13 of the Pressmen's Union agreed Thursday after a meeting with management to resume work. The firing remained in effect.

Management said the pressman was discharged for neglect of duty.

Freeman Frazee, Local 13 president, said the discharge followed the malfunctioning of equipment. He said this would happen to "any number of men."

John Prescott, Free Press labor relations director, said the union had recourse to arbitration of the firing under its contract.

to police cruisers and taken to station houses where they were booked on charges of unlawful entry, then released.

This delay partly reflected time consumed in a series of high level conferences which led to what Johnson regarded as a "consensus" decision to evict the youths and take similar steps more quickly in the event of a repetition of such an incident.

## Rome Vicar Dies

VATICAN CITY (AP) — Clemente Cardinal Micara, 85, Roman Catholic vicar of Rome under three popes, died Thursday night after a long illness.

ment, they say. The problem, as they see it, is that France is pressing hard for immediate negotiations to end the war at a time when the United States is increasing military pressure on the Communists in an effort to create more favorable conditions for negotiation.

Press reports obviously emanating from official sources in Paris earlier this week represented the view of the De Gaulle government as being that (1) Neutralization of South Viet Nam offers the only possible solution; (2) Continuation of the conflict by the United States risks a major war with Red China; (3) If the United States gets into a war with Red China, France will have no part of it.

These arguments are not new. The De Gaulle government presented them through French Foreign Minister Maurice Couve de Murville to Johnson and Secretary of State Dean Rusk here last month.

It now appears, however, that De Gaulle, working with the Soviet Union, is trying to build worldwide public pressure against U.S. strategy in Viet Nam, presumably with the intent of forcing this country to the conference table as rapidly as possible.

## New Pool Open For Lawmakers

WASHINGTON (AP) — House members can start taking their bathing suits to work today. Their new swimming pool, a hidden asset in the lavish new Rayburn Office Building, is open for pleasure.

The pool, tucked away on a subterranean garage level of the \$86.4-million office building, was formally opened Thursday along with a handsome gym, packed full of equipment designed to relax and invigorate the legislators.

The location of the pool was a well-kept secret during the years the building was under construction, and its cost is still unfixd. And when its existence was finally acknowledged it was referred to only as a "health exercise pool."

The healthful exercise can be carried on in a pool 60 feet long and 20 feet wide, in water deepening to 10 feet and kept at 80 degrees. It is three floors below the gym, connected by a stairway and elevator.

## Stabbing After Game Deplored By Romney

DETROIT (AP) — The fight and stabbings that followed a high school basketball game Tuesday night have been condemned by Gov. George Romney and a state legislator.

The latter, Rep. David Holmes, D-Detroit, asked a legislative investigation Thursday while Romney deplored the incident as "saddening and shocking." Both took their actions at Lansing.

Nine persons, mostly youths, were stabbed in a fracas that followed a state tournament contest. A police investigation continues.

### Dangerous Sign

Remarking of the rescheduling of further Detroit games to daytime, and with no spectators, as a precaution against a repetition of violence, Romney said:

"It is a dangerous sign and a shameful reflection on all of us when high school basketball games need to be played in seclusion to prevent outbreaks of violence among teenagers. 'It is time for all of us to do all we can to increase obedience to law and respect for law enforcement.'"

Rep. Holmes introduced a resolution in the House asking a committee investigation.

"Riots," said Holmes, a Negro, "are condemned in Mississippi or Michigan by all decent citizens."

At the same time the president of the Detroit Board of Education proposed that Detroit high school quit night games unless "proper safeguards" are provided.

### Youth, 17, Confesses

Roy L. Stephens Jr., the board head, also said he favored abandonment of state tournament play if such safeguards are lacking or unless the games are played in daytime.

Charles Forsythe, director of the Michigan High School Athletic Association, said at Lansing the association board would have to act on any special consideration for Detroit.

The stabbings followed the Highland Park-Detroit Northwestern High tournament game won by Highland Park 70-69. A girl also was cut when an object was thrown through a bus window.

Police said a 17-year-old former Northwestern student admitted two of the stabbings.

The Wayne County Prosecutor's office said the youth, expelled from Northern and now attending an adult day school, would be charged with assault with intent to commit murder in one of the stabbings. He would be charged with assault with intent to commit great bodily harm in the other.

Police said Negro youths were responsible for all nine stabbings. Police said, however, the stabbings were not racially motivated but the result of high emotions.

James Lucas, 17, Highland Park student and athlete, and Richard Doro, 17, of Livonia, the two worst injured were reported in improved condition. Both were hospitalized.

## Ireland To Have General Election

DUBLIN, Ireland (AP) — Prime Minister Sean Lemass is going to call a general election. He suffered a setback in a by-election in County Cork.

The government's Fianna Fail party candidate, Florence Crowley, lost Thursday to Eileen Desmond, a Labor party widow running for her husband's old seat in the Dail.

## Senate Confirms New Highway Commission

LANSING (AP) — The Senate confirmed the State Highway Commission late Thursday night after a string of meetings in which Democrats twice reversed their field on whether to approve Commission Chairman Ardale Ferguson.

After Democrats at one point took a firm caucus position against the Benton Harbor Republican, their majority finally decided after leadership meetings with Gov. George Romney that there was not sufficient reason to refuse confirmation.

But reportedly they did extract a promise that former Rep. David Upton will resign next week as Ferguson's administrative aide—a position Upton was only occupying until the end of April anyway.

The vote for Ferguson—taken at about 11 p.m. in an unusual night session as senators fought a deadline—was 26-6. Approved despite three dissents each

were commissioners Charles Hewitt, Wallace Nunn and Richard Vander Veer.

Ironically it was Upton who inadvertently let Democrats know the confirmation deadline was upon them.

Democrats thought they had 60 legislative session days in which to approve the appointments

made by Romney before the session began Jan. 14. They were not aware of a November attorney general's opinion that the constitutional confirmation deadline was instead 60 calendar days rather than session days. That made the deadline Saturday.

Upton mentioned this to a newsman in mid-week, the newsman casually mentioned it

to a Democratic leader, the Democrats found they were in

indeed on deadline and hustled their business committee into action.

They did not wait until Friday because many senators planned to be out of town, some at a Detroit hearing.

The "no" votes were cast by Democratic Sens. Basil Brown, Highland Park; Roger Craig, Dearborn; Roger Johnson, Marshall; Joseph Mack, Ironwood; Edward Robinson, Dearborn; and Terry Trout, Romulus.

Mack opposed all the commissioners because, he said, the Upper Peninsula had been given no seat on the four-man commission. Craig and Trout also opposed the others.

## Federal Troops May Be Used If Needed In Selma

WASHINGTON (AP) — Atty. Gen. Nicholas Katzenbach says he's ready to enforce any court order forbidding police interference with Selma, Ala., demonstrators seeking to insure Negroes' voting rights.

He does not foreclose the possibility of the government's using federal troops to do so. And he foresees swift federal prosecution of any Alabama state and local officers he feels are responsible for Sunday's bloody violence against Negro demonstrators.

These were the key developments Thursday at the attorney general's first news conference since assuming the nation's top law office Feb. 13.

## House Buries Romney Budget

LANSING (AP) — Final trials were performed over Gov. George Romney's \$788 million budget in the House Thursday.

House Democrats killed the budget. They said it was necessary to meet a constitutional requirement and clear the way for consideration of other appropriations measures.

The senate took the same action last week.

Democrats, meanwhile, prepared their own versions of the same bills to be introduced early next week.

The bills will be virtually the same as Romney's, House Ways and Means Committee members said, except they will give a more detailed, line-item explanation of appropriations.

Republicans, wearing black armbands to mourn the passing of what they called "responsible fiscal procedure," defended the measures through a series of 29 party-line votes.

Each of Romney's 14 bills was voted down approximately 32-61.

## Four Arrested For Murder In Street Attack

BIRMINGHAM, Ala. (AP) — A white Boston minister who came to Alabama to join the drive for Negro civil rights is dead, 48 hours after he was beaten by a group of white men.

The death of the Rev. James J. Reeb Thursday night brought telephone calls of sympathy from the President and the vice president of the United States and messages from well wishers across the nation.

The Unitarian minister and father of four children died at University Hospital where he had been in a coma since brain surgery Tuesday night. Mrs. Reeb was by the bedside.

A hospital spokesman said an autopsy showed that death was caused by a blood clot on the left side of the brain. A bone in the minister's temple had been fractured.

### Released On Bond

Reeb, 38, and two other Unitarian clergymen were beaten when they were attacked by a group of white men on a Selma street. The other ministers were not hurt seriously, but Reeb was driven 90 miles to Birmingham.

Wilson Baker, Selma's public safety director, said four Selma men had been arrested and charged with murder. They were released later under \$25,000 bond each. Baker said Alabama law permits bond on a murder charge if there is indication a jury will not return the death penalty.

President Johnson phoned Mrs. Reeb half an hour after her husband's death. Vice President Hubert H. Humphrey and Mrs. Johnson also expressed sympathy.

Reeb was working for the American Friends Service Committee at the time he died.

John A. Sullivan, executive director of the committee's New England division, said the minister "knew what the dangers were in going to Selma, but he knew he had to go."

### Cited As Martyr

Selma has been the center of a Negro voter registration drive led by Dr. Martin Luther King Jr.

King said Reeb's death was "a great loss to the church community, the nation and all the ideals to which he passionately devoted his life. He now joins the ranks of those martyred heroes who have died in the struggle for freedom and human dignity."

Reeb was born in Wichita, Kan. He was graduated from St. Olaf's College, Northfield, Minn., in 1950; Princeton Theological Seminary in 1953; and Cornell School of Theology at Temple University in 1956.

He was ordained in the Presbyterian Church at Casper, Wyo., in 1953, and entered the Unitarian Fellowship six years later.

He married the former Marie Helen Deason, a graduate of Casper Junior College in 1950. They have four children, John David, 13; Karen Ruth, 6; Anne Elizabeth, 5, and Steven Douglas, 3.

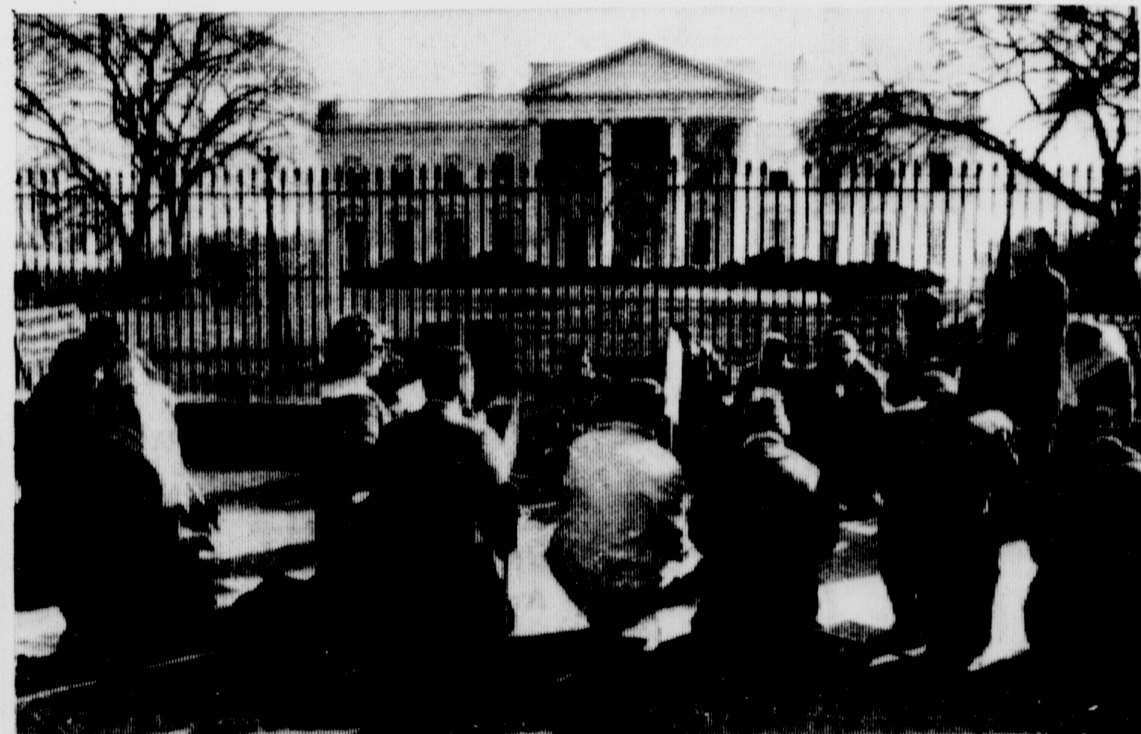

A memorial service, at the request of his widow, will be held in Selma Sunday for Reeb.

## Saigon Can Win With U.S. Help, General Says

SAIGON, South Viet Nam (AP) — Gen. Harold K. Johnson wound up a one-week visit to this war-torn nation today and said he believes that, with continued American help, South Viet Nam can defeat its Viet Cong foes.

"Freedom is on the line here," the U.S. Army chief of staff told newsmen. "I hope very much, I believe very much, that we can make freedom prevail through the joint efforts of the countries interested in preserving freedom, especially the Republic of Viet Nam and the United States."

U.S. and South Vietnamese warplanes staged more secret strikes from the Da Nang airbase as Johnson and his staff headed back to Washington from the mission which he said was to "look, listen and learn." There was no disclosure of the airmen's targets.

## Library Board Hires Director

Carnegie Public Library in Escanaba has a new director who will arrive here next week, from Chicago. It is announced by Dr. Leonard Vader, Library Board president.

He is John Myers Patek, recently returned from a world tour. Prior to that he was librarian at Glen Ellyn Public Library, Glen Ellyn, Ill. He is single.

The Upper Peninsula region is not unfamiliar to Patek. He has visited in the area in past summers and he has relatives in Green Bay.

Patek will fill a vacancy in the Carnegie Library system caused by the resignation of Harry Courtright, who is now with the public library in Green Bay.

The new library director will bring to Escanaba considerable

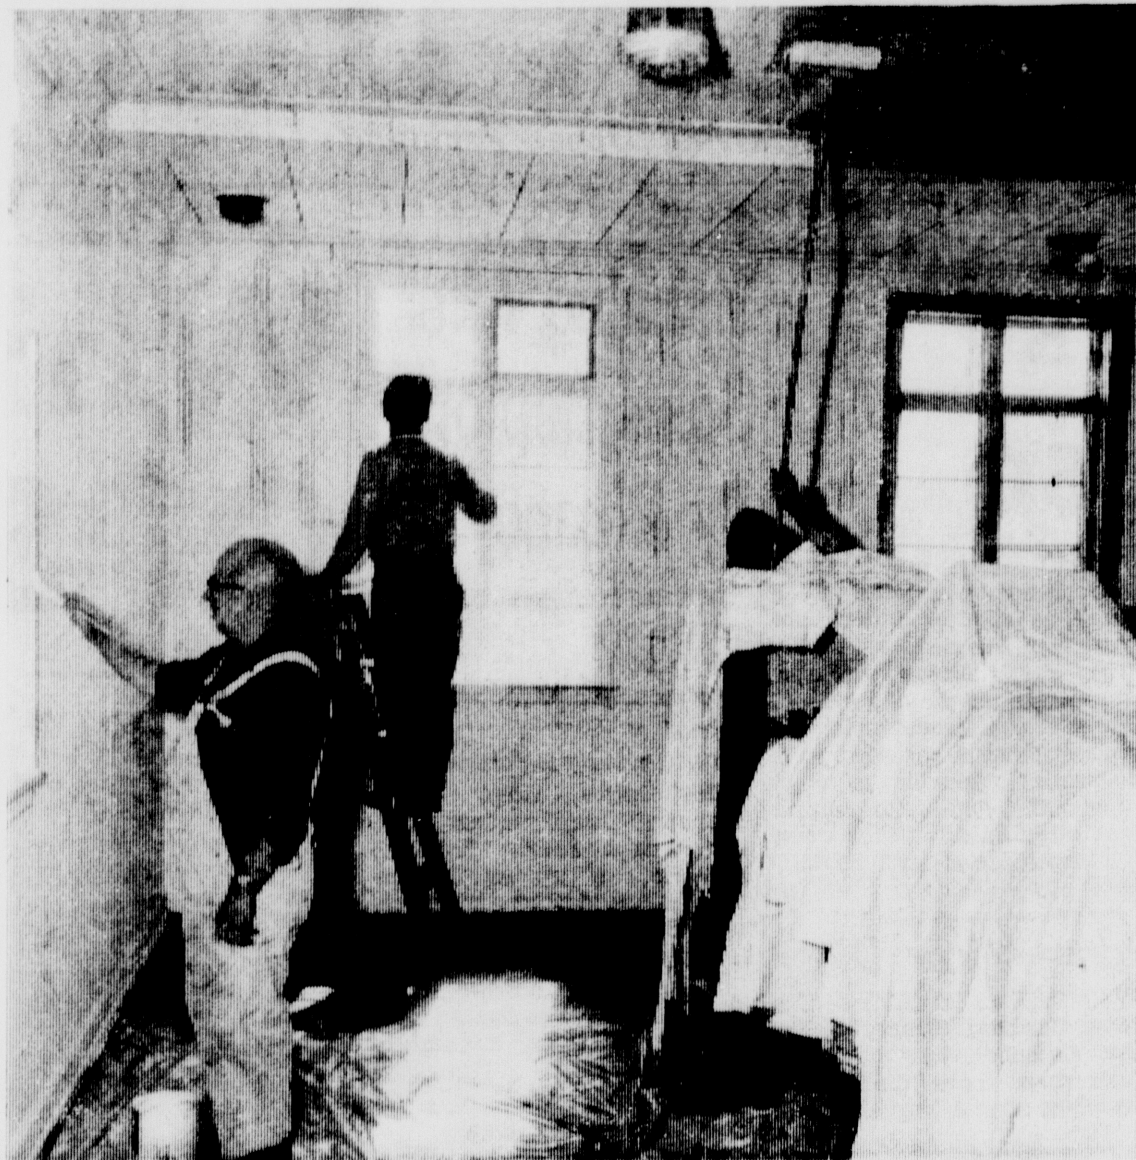

## Matt Heribecka Of Eben Dies

Matthew E. Heribecka, 63, life-long resident of Eben, died at 7:55 p. m. Wednesday at the home of his daughter, Mrs. Gordon Holmquist, Trenary, after a year's illness.

He was born July 2, 1901, in Michigan, and was a retired Alger County Road Commission employee.

Surviving are his wife, Anna, Munising; two sons, Edward of West Branch and Edwin of Depew, N. Y.; two daughters, Mrs. Holmquist, the former Ethel Heribecka, and Mrs. Charles (Edna) Olson, Munising; two sisters, Mrs. Lempi Niemi, Marquette, and Mrs. Ida Maloney, Gary, Ind.; three brothers, Herman and Richard, Marquette and Andrew of Kent; nine grandchildren.

The body was taken to Bowerman-Hallifax Funeral Home, Munising, where friends may call this (Friday) evening. Services will be held at the funeral home chapel Saturday at 1:30 p. m. The Rev. Reuben W. Kaupilla of Negaunee will officiate. Burial will be in Negaunee Cemetery.

## Museum Readied For Busy Season

The Delta County Historical Museum at Sand Point is to present a fresh new look to the thousands of visitors who will come to the Bay de Noc area this year.

Minor remodeling to provide for a better flow of traffic and increased space for displays has been completed and painting of the interior is now under way. The work is being done with the cooperation of the City of Escanaba, from whom the Historical Society leases the building for \$1 a year.

Charles Follo, president of the Historical Society, said that the museum committee is making preparations to open the building about mid-May in connection with the observance of Michigan Week.

**Presenting History**

The Delta County Historical Museum was established at Sand Point in Ludington Park in 1956 and in the years since the registered attendance has averaged about 2,500 annually—or a grand total of more than 22,000 persons from most states and many foreign countries. Mrs. Charles Norton of Gladstone is museum director.

Frank Bender Jr. of Soo Hill, chairman of the Society's museum committee, said that preparations are being made for new approaches and more effective use of the rather limited space.

"First responsibility of the Museum is to present the history of Delta County," he pointed out. "Through the work of the Society we have made considerable progress in procuring historical materials and preserving them. The challenge now is to present them in ways that kindle the imagination and inspire an appreciation of our heritage in today's world."

**Plan Programs**

The operation of the Museum and the Society is financed by proceeds from memberships,

an annual appropriation of \$500 from the Delta County Board of Supervisors, revenues derived from the sale of the Escanaba Century Book, and by contributions.

Clint Dunathan, the Historical Society's program chairman for the year, reported that preparations are being made to hold the annual picnic program at Nahma this coming summer. Each year a program is held in one of the communities in the county.

The announced intention of Anderson Playground Device Co. of Anderson, Ind., to center its operations at Nahma is expected to lend additional interest to a program dealing with the history of that community, which was settled about 115 years ago. The firm will begin its move to Nahma in July.

## Singing Group Adviser Coming

Chapter officers of the SPEBSQSA from Marinette, Escanaba and Gladstone will gather in Escanaba Saturday night for a training school conducted by Chet Fox, International Field Representative of the barbershop singing organization. The conference here will be at the Sherman Hotel, starting at 8 p. m.

Fox is covering the Land O' Lakes SPEBSQSA district as a trouble-shooter, giving advice to officers on the best job of running their chapters. He will show a movie film of barbershop activities in connection with the discussion Saturday evening.

The session will be open to all interested barbershoppers of the area.

## Stephenson Approved For Vocational Aid

STEPHENSON—The Michigan Department of Public Instruction has approved the application of the Stephenson Consolidated Schools for vocational funds in the amount of \$15,219 under the Vocational Act of 1963.

The funds are to be used to purchase new equipment to improve and expand the business education department. Advanced vocational training will be given in typewriting, shorthand, bookkeeping, office machines and business practice to prepare students to meet the job requirements in industry and civil service. Approximately 150 students are enrolled annually in the business education courses.

The equipment to be purchased will include electric typewriters, dictating and transcription machines, calculators, duplicating machines, and tape recorders.

An application for funds to remodel a classroom in the 1961 portion of the high school building was rejected by the Department of Public Instruction.

Studies are being made to improve and expand the vocational agriculture and industrial arts department.

## Clevenger On Tour Of U.P.

Congressman Raymond F. Clevenger (D-11th District, Michigan) will make a four-day, week-end swing through the western part of his District. The schedule will include participation in the Upper Peninsula inaugural ceremonies at Iron Mountain-Kingsford on Saturday.

Clevenger, 38-year-old attorney, serving his first term in Congress, will attend the civic luncheon at the Dickinson Hotel; take part in the motorcade and the inaugural ceremonies; and appear at the public receptions.

## U.P. Meeting Of Credit Unions To Be Held Here

A meeting of Chapter Representatives in the Upper Peninsula Chapter of Credit Unions will be held Sunday, March 21 at 2:30 p.m. at Marco's Club Room, Escanaba. Wesley R. Kumpula, Marquette, Chapter chairman, has announced.

The business meeting will deal with policy questions to be discussed at the annual meeting of the Michigan Credit Union League in Grand Rapids on April 29, as well as the problems of variable interest rates. Representatives from the 69 credit unions in the U.P. will attend.

## Chamber Lists 427 Members

The Board of Directors of the Escanaba Chamber of Commerce accepted three new members at their March meeting held at the Chamber building Thursday afternoon: Lee's Studio, assigned to Lee R. Wiles; Sandberg's Restaurant, assigned to Chester White; and Delona Motel, assigned to Ronald Hiller.

The most recent gain in memberships brings the Chamber's total to 427 — up 17 within the past several months. The total was 410 on Oct. 1, 1964.

Anders Anderson, former owner of the Delona Motel,

transferred his membership to the Delona Restaurant. President John J. Mitchell commended Arthur C. Arch and Mel Oslund, cochairmen of the Membership Committee for the outstanding results.

Manager Walter Lewke reported that a shoplifting seminar will be scheduled sometime in the near future. A film on shoplifting has been ordered from the Michigan Retailers Association and will be shown at the seminar to which all interested retailers and other businesses will be invited.

Questionnaires on the aerial flight over Lake Michigan mailed to members of the Chamber, city, county and state government representatives are being returned to Jon Thorin, chairman of the Aviation Committee, for tabulation. The Aviation Committee is assisting the U.P. Air Service Committee in obtaining factual information on the flight in an effort to reestablish service to Detroit.

A list of sub-committees appointed by Walter O'Brien, chairman of the Tourism Committee, was presented to Board members. Sub-committee members will study possibilities for attractions to keep tourists in the Escanaba and Delta County area for a longer period of time.

Manager Walter Lewke will distribute Escanaba and Delta County literature at the travel show in the Milwaukee Arena March 20 and 21. Boy Scout Troop 444 sponsored by the Escanaba Kiwanis Club and Boy Scout Troop 408 sponsored by Bethany Lutheran Church assisted in assembling 50,000 copies of the Escanaba folder.

President Mitchell expressed the appreciation of the Board and the Chamber for their aid.

## Roemer Heads Power Corp.

MILWAUKEE — L. G. Roemer, Milwaukee, was elected president of Wisconsin Public Service Corp., effective April 1, at a meeting of the board of directors held in Milwaukee Thursday. He will succeed Harold P. Taylor, who retires as president at that time.

Taylor will continue to serve as a member of its executive committee. Roemer, who is presently senior vice president and director, was also L. G. Roemer named to the executive committee.

Public Service serves 300 communities in a 10,000 square mile area in 17 northeastern Wisconsin counties and in Menominee County, Mich. It has 182,064 electric customers and 89,045 gas customers.

Roemer was born in 1906 in Escanaba, Mich. He attended St. Joseph's grade and high school there and was employed as a meter reader by the Escanaba utility prior to attending Notre Dame University. He joined Public Service in 1926 in the Green Bay accounting department. Later, he spent five years in Oshkosh as division accountant, and seven years in Wausau also as division accountant.

In 1947, he was advanced to assistant secretary and assistant treasurer in the Milwaukee office. In 1955, he was elected treasurer and a director of the corporation; in 1961 he was named vice president; and he was made senior vice president in 1964.

Well known in industry accounting and financial circles, Roemer is national chairman of the accounting division of Edison Electric Institute and is a member of the American Gas Association, trade associations for the nation's investor-owned electric and gas companies. He also serves on EET's investor relations committee, and belongs to the Financial Executives Institute.

He is a member of the Wisconsin Utilities Association and a past chairman of its accounting section.

## Charles Bogren Dies In Colorado

Charles Bogren, 76, a former resident of Escanaba, died in Colorado Springs, Colo., on Thursday, March 11.

Raised in Escanaba, he left here in 1916 to make his home in Colorado Springs where he operated a garage until his retirement. He was last in Escanaba for the 1963 Centennial Celebration. He was employed as a C&NW Railway brakeman.

Mrs. Bogren, who preceded him in death, was the former

## Workshop Asked For Handicapped

MARQUETTE — A proposal to establish "sheltered workshops" in the Upper Peninsula to assist handicapped people of the area along the road to vocational rehabilitation was given serious consideration Thursday at a meeting of the Human Resources Subcommittee of UPCAP at Marquette.

The proposal was made by Mrs. Gladys Wannacott Sault Ste. Marie employee of the Michigan Crippled Children's Society.

According to Charles Folio of Escanaba, chairman of the subcommittee, sheltered workshops are "small manufacturing enterprises sponsored by communities or organizations for the purpose of employing the handicapped in manufacture of certain specialty items."

Folio said a similar program has been very successful in the Grand Rapids area.

Appointed to investigate the program for Upper Peninsula use were Godfrey Agresti, Marquette, Michigan Dept. of Corrections; William Hooper, Marquette, Vocational Rehab-

ilitation Division, Dept. of Public Instruction; and G. Vance Hiney, Marquette, Supt. of the Marquette-Alger Intermediate School District.

The men will report on their findings the next Human Resources Subcommittee meeting, April 9 at Marquette. Dr. Edward Pfau, Dean of the School of Education of Northern Michigan University, will also address the group at that time on special education problems.

Thursday, the subcommittee passed a resolution requesting UPCAP to urge local resources committees to consider the acceptance of responsibility for suggesting persons to assist the Vocational Rehabilitation Division by acting as coordinators in local Upper Peninsula communities. The group recommended that local communities invite vocational rehabilitation representatives to speak to their organizations.

The subcommittee also passed resolutions commending the Smaller Communities Mobil Team of the Michigan Employment Security Commission for surveys on persons who need employment or vocational training in Mackinac, Iron and Chippewa counties; commending Northern Michigan University for a project it conducted with school dropouts from Mackinac, Scholcraft and Paraga counties; and commended the Michigan State University cooperative extension service for work done in 12 U. P. counties organizing human resources committees.

## Faculty Member At Bay College Receives Grant

Howard Erickson, faculty member at Bay de Noc Community College, received a National Science Foundation grant and selection as a participant in an institute to be held at the University of Michigan. The institute will be held this summer for college teachers of physics.

Dr. Richard Sands of the University of Michigan notified Howard today of his selection. The Summer Institute and Conference Programs of the National Science Foundation were created in recognition of the important role of the teacher in developing our scientific manpower potential.

Robert Fedore, associate director of Admissions and Scholarships for Michigan State University, visited today with students of the Community College who are transferring to the University.

Fedore described scholarships available for students who have had two years at the Community College and answered questions concerning procedures and suggested courses for various fields of study.

Professor Of English

Dr. Marvin Felheim gave four talks in the Upper Peninsula last week for the University of Michigan, where he is professor of English.

Once upon a time, maybe, a professor of English, was concerned with parsing and phrasing, but today he is concerned with the use of the language in communicating and this projection is as Space Age as rocketry.

One of Dr. Felheim's annual assignments at the university is to instruct a class of men and women sent to the campus from around the country by locals of the Communication Workers of America. These unionists study political science, economics and English. They go back home under encouragement to get elected to the school board and the city council, to take part in civic affairs and to give unionists strong and compelling voice in community judgments.

The class ranges from 12 to 18 persons, 32 to 50 years of age. All have been selected by their union for office.

Status is one quest of the unionists at Ann Arbor, just as it is one of the quests of the regular undergraduates there. And there are some other similarities.

The most popular course in the Literary College is Shakespeare. A thousand students take it each year. And it's elective. A certain sophistication is necessary for social and business stature today and it's good to know who Will Shakespeare was and something about his plays. Shakespeare is "in" now with young sophisticates (as he's always been with old ones.)

When the Communication Workers come to campus Felheim reads a play with the class and then they go to see it performed. Shakespeare's "Macbeth" was read by the last class and then seen on the stage. None of the members of the class had read Shakespeare before except perhaps for casual school exposure and for many it was the first drama they'd seen staged. And yet they rated Shakespeare at the top in their judgment on literature.

All sorts of judgments can be made on such educational endeavors. Some critics say it's an effort to create a thin veneer of culture where only a deep treatment is meaningful. Proponents say that a start must be made somewhere in study of the arts and that the arts are as needed in the rounded person as scientific knowledge. It is significant of our times that a progressive union is sending these people to a great university for new exposures that will make them more capable and more influential persons. Business, perhaps, would be more apt to hire for its leadership jobs persons who already had these qualifications.

Artists fear that this sort of once-over-lightly schooling will result in millions of homes with Van Gogh and Picasso prints everywhere, but the unionists' choice of Shakespeare as the best of the writers—while it is as obvious as the choice of the Bible in religious works—gets down to earth. It is significant that both the undergraduates at Ann Arbor and the adults who go there for short courses name the Bard No. 1.

When he wrote there were no Americans. If it is a part of sophistication, of snobbery, of modernity to put Shakespeare on top, it cannot be called a transient or faddish thing because he's been around and on top for centuries. He is a gauge for literature values and he gives hope. In an age in which it takes courage to call much modern art "nuts" it is the judgment of the freshies, the postgrads and the gentlemen and ladies from Local 421 that he's the greatest.

When Felheim talked to students he talked about Shakespeare. When he talked to adults he talked about modern writing and he said at conclusion that essentially most of the books he had commented upon were probably not worth reading.

The Doctor Says:  
Know Plants First

By Dr. Wayne G. Brandstadt

Milkweed can cause vomiting and stupor.

Mistletoe, mock orange, moonseed, morning glory (a convulsus), oleander (rosebay), osage, wild parsnip, pennyroyal, penny, pinks, podophyllum, poke-weed, rhododendron, rosemary, sabadilla, sage, salmonberry, sandbox tree, scarlet pimpernel, Scotch broom, skunk cabbage, snapdragon, soapberry, soap-root (soapwort), Spanish bayonet, Spanish fly, squirrel corn and star of Bethlehem — all poisonous.

Small doses of strophanthus are used in medicine to treat decompensated hearts. As is the case with all medicinal plants, eating parts of them may have unpredictable or even fatal results.

Sundew, tansy, tao, tiger lily, toad flax, tree of heaven, trillium and Venus's flytrap — all contain poisons.

Virginia creeper, like elephant ears, contains a high concentration of calcium oxalate.

Many poisonous plants have caused poisoning because they were mistaken for an edible plant and eaten.

The results, although rarely fatal, can make you pretty sick, so collect wild plants for your kitchen only when you are sure you know what you are bringing home.

Q — Can a woman with a tipped uterus get pregnant?

A — There are varying degrees of tipping of the uterus, both forward and backward. An abnormal position of the uterus does not prevent pregnancy, but may be a cause of miscarriage or, if the pregnancy goes to full term, may make delivery difficult.

Women with tipped uterus are sometimes fitted with a mechanical device (pessary) to keep the uterus in place. Whether you should have one and what type of pessary would be best would be a matter for your doctor to decide.

Questions And Answers

Q — How many branches were there to the river that watered the Garden of Eden?

A — Four. The first went to Havilah (said to be India or Persia), the second encompassed Ethiopia, the third flowed east of Assyria and the fourth was the Euphrates.

Q — What country claims the world's oldest anthology?

A — China, with a "Book of Songs," said to be by Confucius.

Q — What is the literary source of the expression "the lion's share"?

A — An old story from Aesop's Fables tells about the lion that hunted with the fox and wolf, and then claimed two-thirds of the game. From this comes the expression, "the lion's share."

Q — What are the nearest and the farthest bodies outside our solar system that can be seen with the naked eye?

A — The nearest star is Alpha Centauri; the most distant body is the Great Spiral Nebula in Andromeda.

Letters To The Press

DEVELOPMENT ON SOUTH 23RD STREET

A few weeks ago a brief item appeared in the Press concerning a request for a change of zoning between the new Lutheran Church and 8th Avenue South on S. 23rd Street. A change of zoning would permit the erection of a fine medical building and the construction of a deluxe apartment building—built of brick consistent with the fine modern edifices in the same location. City ordinances have restrictions on what may be built on South 23rd Street. The two mentioned herein in no way are objectionable, as there would be no problem of noise, or anything else that would mar the appearance of the street.

Each building would have multiple units with excellent maintenance and the grounds are spacious enough to have attractive landscaping. The practicality of both buildings is extensive. The area is situated on a 4-lane highway with boulevard lights. There are arterial outlets to all parts of the city—north to Ludington Street and to all shopping areas thereon by using 8th Avenue South, 5th Avenue and 3rd Avenue South. The amount of taxes derived from these fine buildings would aid the financial needs of the city. Those in the dental profession have been endeavoring to build a multiple unit suited to their needs for the past two years. They are versed in modern methods. Space is needed to house equipment necessary to carry on their profession for the good of the citizens who need their services.

Retired people, secretaries, office employees, etc. are looking for modern apartments which would assure comfort and convenience with no maintenance or upkeep. Teachers are unable to find units suited to their needs and the area under consideration is close to the new Senior High School, John Lemmer School, Bay de Noc College, Holy Name High School and St. Anne's School, both of which employ lay teachers. State traffic north and south use this highway as well as all passengers coming in and departing at the airport.

There has been speculation about the location of a Super Market in the south or southwest of the city.

As owner of the property now considered for a multiple unit residence building and medical building, I feel that there is ample room for commercial building east and west of 23rd Street without infringing on the highway which has fortunately been graced with buildings which have beauty and dignity.

The owner of the property requesting the change of zoning is considering the matter in that light only. People contacted on 8th Avenue South were extremely pleased that such a project is being contemplated, and it is assumed that the owners of fine new residences south of 8th Avenue, will be of similar opinion.

The street will always be an attractive entrance to the City as the new buildings, beautiful schools, and churches recently erected are not for temporary use but as permanent habitats. Business men using the highway and tourists vacationing here would be impressed sufficiently to consider Escanaba as a fine place for permanent residence.

It Happened Ann Landers  
On This Date Nothing Owed To Fickle Rex

Today In History

By The Associated Press

Today is Friday, March 12, the 71st day of 1965. There are 294 days left in the year.

Today's highlight in history:

On this date in 1912, the first patrol of Girl Guides — later the Girl Scouts of America — was organized in Savannah, Ga. by Mrs. Juliette Low.

On this date

In 1902, John Peter Altgeld, the German-born governor of Illinois, died.

In 1933, President Franklin D. Roosevelt broadcast his first fireside chat.

Also in 1933, the banner emblazoned with the swastika became the official flag of Germany.

In 1940, a peace treaty was signed in Moscow by Finland and the Soviet Union.

In 1945, Gen. Douglas MacArthur announced American forces had invaded the Philippine island of Mindanao.

Ten years ago—Police overpowered an assailant trying to attack Prime Minister Nehru.

Five years ago—A three-day battle broke out between political factions in the Belgian Congo.

One year ago — The United States and Panama agreed on a formula to end a two-month-old Canal Zone dispute.

BARBS

Would you say that life in South Viet Nam is slightly coup-coup?

When today's children become parents, they'll probably brag about how tough it was traveling three miles to school — on the pokey old bus.

The Old Cynic says that after reading Soviet and Chinese propaganda blasts against each

other and the U. S. he's tempted to ask "Will the REAL paper tiger stand up?"

Benjamin Franklin said man has three faithful friends—an old wife, an old dog and ready money. So who has an old wife nowadays?

Traffic Killings High In January

CHICAGO (AP) — The National Safety Council reported that the 3,500 traffic fatalities in the first month of 1965 were the most in any January. The total was a gain of 9 per cent over the toll for January 1964.

Dear Ann Landers: Recently you printed a letter from a 23-year-old homosexual who was classified 4-F. He wanted to know what to tell friends and relatives who kept pestering him with questions about why he was not in the army. You told the young man not to feel any obligation to give details to anyone — including his mother.

Do you realize what you did to every 25-year-old male on the West Coast who is not in the army because he has back trouble, a trick knee or a heart murmur?

The day that letter appeared in print five people asked me if I had read Ann Landers' column. Then they looked at me funny. It so happens that I am 23 years old and that I live on the West Coast. I am also a 4-F—for reasons which I will not go into here. Sometimes I think you cause more trouble than you do good. Why don't you retire and check into an old folk's home?—4-F and Normal

Dear Norm: I'm a little under age for the old folk's home and I like my work too much to retire, but I'm sorry I made trouble for you.

Every day someone, somewhere gets mad at me because a letter that appeared in the column is uncomfortably similar to his problem.

When this occurs, denials are useless. Remember — he who excuses himself accuses himself.

Dear Ann Landers: Eighteen months ago I became engaged to Rex. We were both 21 and had gone together two years. Ten days after my parents announced our engagement at a lovely party, Rex told me the horrible news.

He had gotten an 18-year-old girl in trouble and would have to marry her. I never heard the girl's name before that night and here he had been seeing her on the sneak for over a year.

I was a college junior and had to drop out for the remainder of the semester because I was too ill to get out of bed. It took months of therapy before I was able to leave the house and face my friends. I'm proud to say I made a good adjustment and am now dating and having a good time.

Last night Rex called and begged me to meet him at a

### Busy Session For Rifle Club At Bark River

BARK RIVER — The Wednesday evening meeting of the Bark River Junior Rifle Club held at the Community Hall was a busy one. Ray Meyers, marksman instructor, announced the completion of the four month Postal Team Match conducted by the National Rifle Association. All members who completed the match received a brassard (shoulder patch) and all who entered received a postal certificate from the NRA.

Prizes were awarded to the three highest in each division. In Division C, Team 1: Brian Adams 351, Larry Arkens 348, David Bugay 337. Team 2: Andrew Barr, Jr. 320, Richard Grzyb 312, Gregory Meyers 281. Division D, All Girls Team: Bonnie Rae Meyers 337, Janis Quist 336, Kerry Langlois 325.

Medals and certificates were issued to the following: marksman, Sandra Peterson; marksman, Tony Westlake; Marksman 1st Class: Janis Quist, Paul Westlake, Dan Van Enkevort; sharpshooter: Carol Arkens, David Bugay, Gregory Meyers; 1st bar: James Frossard; 2nd bar: Terry Langlois; 3rd bar: Regina Rae Meyers; 5th bar: Dennis Porath.

A team of eight members participated in the annual State American Legion Junior Match: Larry Arkens, Brian Adams, Bonnie Meyers, Herbert Peterson, Dan VanEnkevort, Andrew Barr, Jr., Dennis Porath and Jerry Langlois. This is a three position match, ten shots fired in each position: prone, standing and sitting and

must be completed by April 4. Another annual event locally is the Cotton tail Hunter Contest. 47 to 50 is Master Hunter; 36 to 46 Expert Hunter; 26 to 36 in Sharpshooter; under 26 is a tenderfoot. Prizes will be awarded to the three highest: Master, 50 rounds of .22 ammunition; expert, 2 brassards; sharpshooter, 1 brassard. This shooting must be completed this month.

The January report of the Postal Team Match as received from the NRA was Division C, Team 1, five highest scores: Larry Arkens 91, David Bugay 89, Brian Adams 88, Dennis Porath 88, Herbert Peterson 87 for a total of 443. ### Use Of Hancock San Suggested

LANSING (AP) — A governor's study group recommended today three alternative uses for Hancock's Copper Country Tuberculosis Sanatorium. It rejected closing down the facility.

The sanatorium is currently used by the state for treatment of tuberculosis and mental patients but the departments of health and mental health say they no longer need the facility.

It was to have been phased out of operation by March 31 but a supplemental appropriation bill passed Wednesday by the Senate provides \$65,000 to continue operation through June 30.

Gov. George Romney's study committee, headed by controller Glenn Allen Jr. concurred in recommending operation for the extra three months.

It listed these alternatives for the 60-employee sanatorium:

1. Turn it over to Houghton County for use as a medical care facility to replace what was termed the county's inadequate present building.
2. Turn it into a state facility for combined tuberculosis and chronic disease care and eventually turn operation over to a local organization.
3. Turn it over to Michigan Technological University for biological research with financing through a grant from the National Institute of Health.

Mental patients now at the sanatorium would be shifted to Newberry State Hospital. Tuberculosis patients would be shifted to the county sanatorium at Morgan Heights.

The committee said it received the Michigan Tech suggestion too late for detailed study but noted most of the present payroll would be continued under that plan.

It found proposals one and two equally desirable.

It said the final choice should be left to the legislature and recommended that it further explore the Michigan Tech idea.

### Adolph Pearson, Former Resident, Dies Of Injuries

Adolph Pearson, 76, of 3262 Hall Road, Muskegon, former Escanaba resident, was fatally injured March 5, when he was struck by a pickup truck. He died in a Muskegon hospital two hours after the accident, which occurred as he was crossing the street after alighting from a city bus.

He was born in Dalarina, Sweden, June 6, 1886, and he married the former Agnes Ekman of Escanaba. She died in 1962.

He leaves three sons, Gilbert of Gladstone, Warner of Spalding and Lloyd of Escanaba, one daughter, Mrs. Robert (Helga) Parker of Gulfport, Miss., eight grandchildren and two great grandchildren.

Funeral services, which his family attended, were held March 8 at Lee's Funeral Home Muskegon Heights, and burial was in Muskegon.

### Game Supervisor Will Address Sportsmen

STEPHENSON—Ivan Thompson, District Game Supervisor of the Michigan Department of Conservation will review and discuss game management policies at the March meeting of the Mid-County Sportsmen's Club. Club officials indicated that this meeting will again be open to the public and all Mid-County area residents, whether or not they are club members are invited and urged to attend.

The meeting will be held above the Menominee County Library Thursday, March 18, starting promptly at 8 p. m. C. S. T. Thompson will also discuss the wild turkey plantings scheduled for this area.

**Park Report**

Ed Sager, who is a member of the Menominee County Board of Road Commissioners, and a member of the Park Board will also report at this meeting on the plans for future development of the Shakey Lakes Park Area.

At the last meeting the Sportsmen's Club reviewed game and fish prizes awarded each year and officially designated weighing stations where prize catches are to be registered. It was emphasized that to qualify for prizes the person must be a member of the Mid-County Sportsmen's Club, and that the fish and game must be taken in Menominee County.

Weigh Stations designated are: Clarence Anderson at Cedar River, Duane (Guss) Lord at Shakey Lakes County Park, Ken Rickaby's I. G. A. Store at Stephenson, Bert Peterson's I. G. A. at Ingalls, the Stephenson Marketing Association at Stephenson, Patterson's at Daggett and Ed Sager in Lake Township.

**Prizes of Year**

Prizes are awarded each year as follows:

A \$5 prize for the largest Northern, Waleye, Large-Mouth Bass, Small-Mouth Bass, and pan fish, also a \$5 prize for the largest Northern taken through the ice in winter.

A \$15 prize for the heaviest buck, \$10 for the next heaviest and \$5 for the smallest.

Other items discussed were: A report by Ken Rickaby on the fishing site above the Ingalls dam, and also on road improvements to Linbeck Lake. The status of the rifle range and possible improvements.

## Special Services At Salvation Army Temple

A sermon will be presented in black light Saturday evening March 13, by Evangelist Tex Lambrecht of Dallas, Tex., who is currently speaking each evening in a series of special evangelistic services at The Salvation Army, 112 N. 15th St., Escanaba. Mr. Lambrecht will present a message from the last book of the Bible using ultra violet light to illustrate various points of emphasis.

This evening a missionary service is being planned which will include use of international flags and costumes. Mr. Lambrecht will show slides of Salvation Army work in South America and Mexico taken during his tour of these mission fields. He will appear in the national costume of Mexico and will present folk and gospel music of the Latin American countries.

A teen fellowship for all teenagers will be held following this evening's service in the basement of the Army building.

The present series will conclude with the Sunday evening service at which time Mr. Lambrecht will speak on "A Forsaken Slave." Service on Sunday morning will begin at 11 a.m. The evangelistic services are nightly at 7:30 p.m. The public is invited to attend each of these special services. Major Orville Butts, Commanding Officer, announces.

## Sawyer Woman Triples; Wife, Mother, Artist

K. I. SAWYER—Mrs. Frank Bowers, wife of a K. I. Sawyer non-commissioned officer, acquired a very unusual hobby while stationed with her husband and family in Japan. She took up the practice of Japanese picture making.

Beginning in 1958, Mrs. Bowers received lessons from a Japanese instructor.

"The art of Japanese picture making is not complicated but in order to get the best results, time and patience is needed," Mrs. Bowers stated.

"To complete a picture, it

takes about 10 hours of steady work, but with three children, the average time for me is three to four weeks," she said.

The process of this type of picture making begins with a drawing which is traced on a piece of cardboard. From here, the cardboard is cut into different pieces and covered with fabrics of various colors and silk. The features of people and background are then painted with water colors giving the finished product a three-dimensional effect.

Mrs. Bowers entered her pictures, usually 16" x 20" or larger, in two shows at Stead Air Force Base, Nev. She emerged with two blue ribbons for her efforts.

When asked why she started this hobby, Mrs. Bowers replied, "I have had interest in art since my school days and this new concept immediately caught my interest."

"I have been doing oil paintings since I was 11 years old, and between the picture making I manage to complete a few oil paintings," she added.

## Boosts Sought For Disabled

LANSING (AP) — Gov. George Romney asked the legislature Thursday to increase workmen's compensation benefits to a maximum of \$90 a week and eliminate the 500-week limitation on benefits.

Romney proposed changes in the Workmen's Compensation Act in a special message to the House and Senate.

His recommendations also call for increased benefits for permanently disabled young workers whose income could have been expected to increase with the years and adjustments for older workers who receive other benefits from private pension plans.

His recommendations used as a starting point a report by his Commission on Workmen's Compensation. Compensation department director Weldon Yeager and a special legislative interim committee came up with recommendations of their own.

All were in basic agreement that benefits had to be increased and some restrictions removed from state law.

Romney's overall proposal was more restrictive than the commission's report, Yeager's recommendations and the Dem-

ocratic bills. But it was more generous than the legislative committee's report.

Romney said his plan would raise the average premium rate in Michigan by 35.6 per cent. This is compared with 47.6 per cent called for by the commission report. The average in 1961-62 was \$1.12 for \$100 of payroll.

Sen. Sander Levin, D-Berkeley, and Rep. James Bradley, D-Detroit, chairmen of the Senate and House labor committees, got the jump on Romney last month by submitting bills implementing many of the commission's recommendations.

Romney recommended a schedule based on two-thirds of a worker's weekly pay. It sets maximum weekly benefits, however, of \$33 for a worker with no dependents to \$90 for a worker with five or more dependents.

He also called for an annual cost-of-living increase or decrease.

## Atlantic Ports Divert Traffic From The Lakes

CHICAGO (AP) — A Chicago port official urged the Federal Maritime Commission Tuesday to encourage owners of American flag vessels to expand their operations on the Great Lakes.

"The commission should grant every conceivable assistance to American flag vessel operators to further extend their operations to Great Lakes seaports," Capt. John J. Manley, port director of Chicago, testified.

Manley was a witness on the second day of a hearing by the Maritime Commission into the essentiality of four current foreign trade routes on the Great Lakes.

Witnesses have testified that the lion's share of cargo emanating in the Midwest for overseas shipment has gone into the hands of foreign flag vessels, with American ship operators showing little interest in Great Lakes trade.

Manley testified that East Coast ship operators appear to be prejudiced against the St. Lawrence Seaway and Great Lakes ports.

He said that of 674 arrivals and departures at Chicago ports

## Fishing License Fees Discussed

LANSING (AP) — Senate Conservation Committee thinking favors raising the fishing license fee from \$2 to \$3 and charging only a minimum 50 cents fee for fishermen over 65.

The sentiment was expressed at a committee meeting Tuesday to consider a bill which proposes abolishing the license fee entirely for persons over 65.

Sen. Carl O'Brien, D-Pontiac, committee chairman, pointed out that eliminating the fee entirely would deprive Michigan of federal funds dependent on how many fishing licenses are sold.

Members favored the fishing license hike to \$3.

Sen. Terry Trout, D-Romulus, added that he would also favor requiring a fishing license for wives and stiffer license fees for commercial fishermen.

The committee agreed to try and hold a hearing in the Upper Peninsula some time in April on bills which propose lifting the bounties on foxes, coyotes and bobcats. The State Conservation

## Former Powers Publisher Dies

MENOMINEE (AP) — Retired weekly newspaper publisher Charles J. Quade, 85, died Thursday at St. Joseph's Hospital here. A native of Weyauwega, Wis., he started in the newspaper business as a printer's devil at age 13 and in 1902 purchased the former Powers-Spalding Tribune of Menominee County. He and his wife, Nell, operated it until his retirement in 1948. Quade's survivors include his widow and their two children.

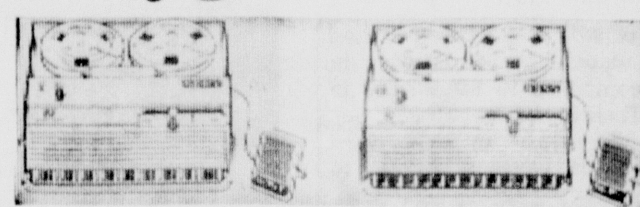

## State Briefs

WASHINGTON (AP) — The average net income per Michigan farm was \$2,583, up 15 per cent over 1963, government figures showed Wednesday.

LANSING (AP) — The State Highway Department will hold a public hearing March 31 at the Romulus Township hall to explain details of a proposal to reconstruct an interchange at I 94 and Wayne Rd., south of the city of Wayne.

## Skidmore Corp. Plant Is Sold

DETROIT (AP) — R.C. Mahon Co. said Wednesday it had gross income of \$57,431,000 in 1964, compared to \$46,988,000 in 1963. It said its earnings per share were \$3.37 in 1964, compared to 16 cents a share in 1963.

ST. JOSEPH (AP) — Sta-Rite Products Co. of Delevan, Wis., has purchased the 45-year-old Skidmore Corp. here in a cash transaction of undisclosed amount.

Sta-Rite President Henry Lauterbach said the plant will continue operations at its present site as a wholly owned subsidiary of the purchasing firm.

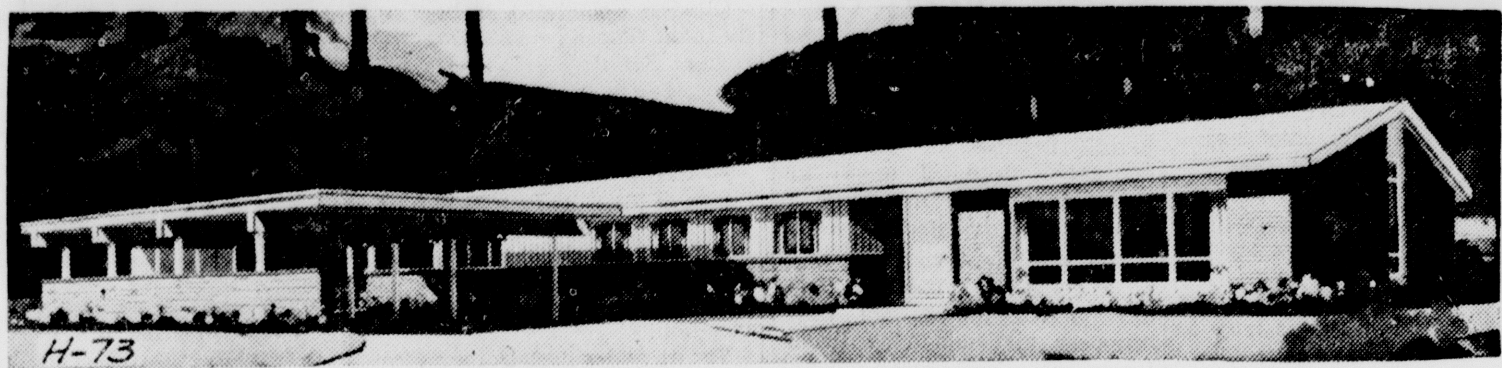

The St. Joseph plant manufactures pumps and commercial boiler receiver systems. It reports annual sales volume in excess of \$500,000 and employs approximately 35 persons.

SAGINAW (AP) — Wickes Corp. Wednesday declared its regular quarterly dividend of 20 cents a share, payable June 10 to stockholders of record May 14.

## Cemetery Sought For Ft. Custer

WASHINGTON (AP) — Rep. Paul H. Todd Jr., D-Mich., has introduced a bill to establish a national cemetery at Ft. Custer, Mich. The cemetery of about 700 acres would include the present post cemetery at the fort.

HOUSE WITH BALANCE: The neat, contemporary lines of this three-bedroom ranch make it suitable for almost any

By ANDY LANG

An architect who sets out to create individuality in a home has to guard against an excess of enthusiasm. If he gets carried away by the originality of his ideas, he is likely to wind up with a house so "way out" that it may frighten even those who have expressed a desire for special styling.

In designing the latest House of the Week, architect Samuel Paul has achieved a balance. From the outside, it appears to be a pleasant and comfortable contemporary ranch. It has clean lines, a kind of solid, dignified character that would sit well in almost any neighborhood. While maintaining the solid suburban character on the exterior, the interior speaks glamour. There is individuality in several of the features, among them cathedral and very high ceilings, lavish baths and a private patio off the master bedroom. The total habitable area of 1692 square

feet is not large, but a lot is packed into it.

Moving across the covered entrance into the foyer, the resident or guest can see straight ahead to the dinette space of the kitchen as well as the rear entry. This through-circulation passage makes for convenient access throughout.

An L-shaped living and dining room combination adjoins the foyer. This space is nicely sunlit by a large stretch of windows at the front, side and rear, with the entire area enhanced by a cathedral ceiling.

A cathedral ceiling also highlights the family room which

type of neighborhood, but there's glamour aplenty on the inside, where there are several distinctive features.

like the dinette-kitchen, overlooks the rear patio. There is an open-style brick fireplace in the end wall of the family room. The fireplace is flanked by large picture windows. The kitchen includes space for a built-in table. Of further note is the basement stairs, located only steps away and also accessible from the front foyer without crossing any rooms.

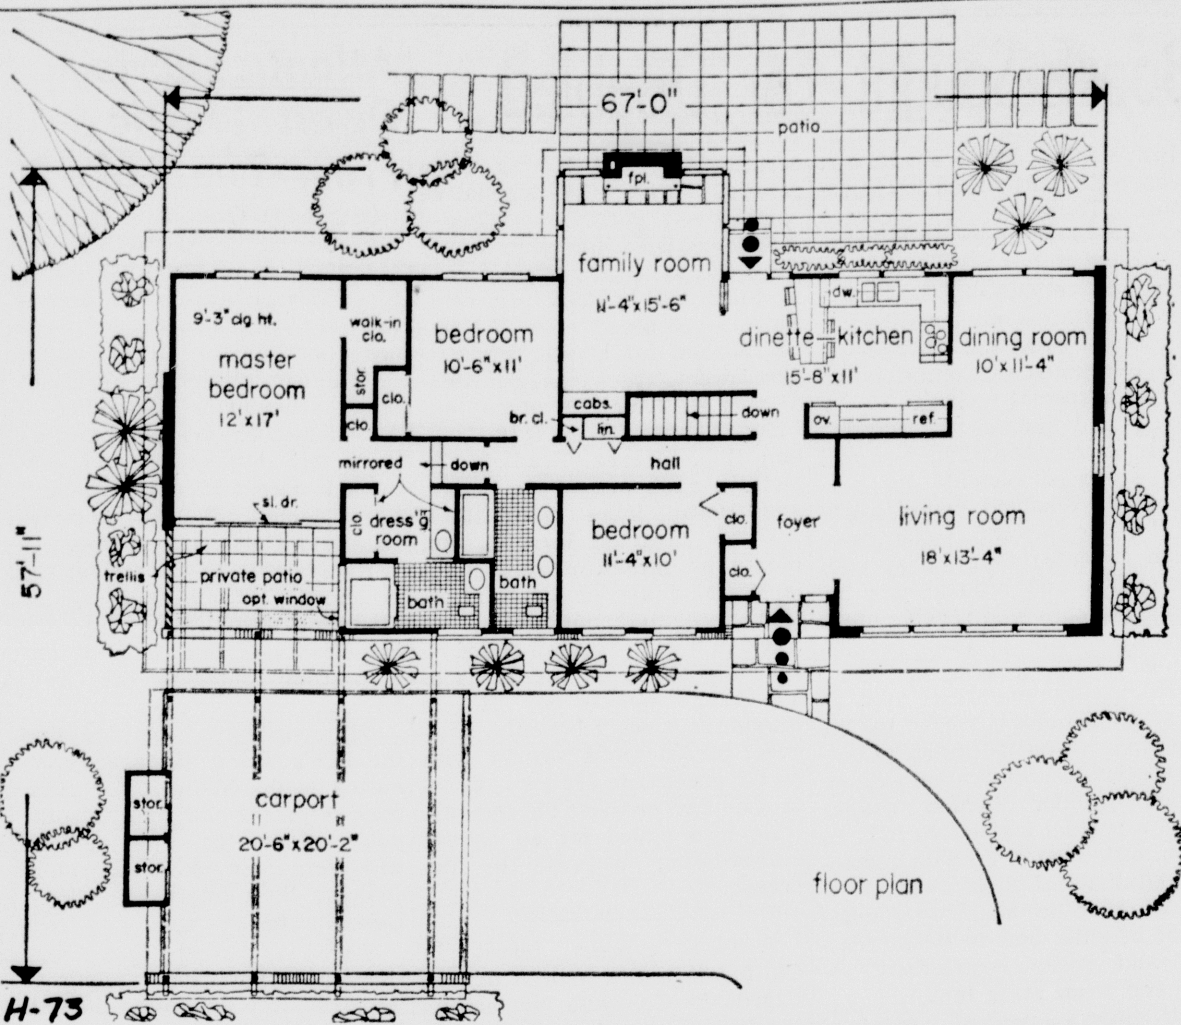

The bedroom area includes two bedrooms, a spacious bath and what might be considered the ultra-de luxe feature of the entire house — the master bedroom, with its own separate dressing section, lavish private bath, profusion of closets and private patio. This suite is located at the end of the bedroom corridor. A small vestibule precedes two short steps down to the suite itself. It's almost like entering a separate apartment.

At the end of the master bedroom is a dramatic window wall with sliding glass doors opening on to the patio, a brick wall at the front, slat fence at the side and an overhead trell-

is combine to create an intimate outdoor space. On the other side of the patio, the plans call for a large window over the corner tub of the master bath, but this could be omitted if desired.

While all these features ordinarily are associated with an expensive home, the straightforward plan, simple framing and front carport help to reduce the over-all cost and place it within the reach of families who ordinarily might not think they could afford a house of this kind. Incidentally, note that the carport itself is an attractive unit. The low brick wall at the front shields the side entry, thus adding to the street view. Exposed beams at the ceiling have been nicely integrated with the structure of the front patio. There is a continuous planting bed in the front of the house wall.

While there is plenty of storage space in this house, there is even more in two large storage closets at the rear of the carport and in the partial basement.

FLOOR PLANS: Included among the many interior extras in this well-designed home are cathedral ceilings, extra large bathrooms, a family-room fireplace flanked by large windows overlooking the rear patio and a private front patio for the master bedroom.

### H-73 STATISTICS

Design H-73 has a living room, a dining room, a fireplace, a family room, a dinette-kitchen, three bedrooms, two baths, a dressing room, a rear and a front patio, a foyer, a carport, plenty of closets and a partial basement. The habitable area totals 1692 square feet. While the over-all dimensions are a modest 67' x 57' 11", architect Paul recommends a minimum lot of 90' x 100'.

## Home Hanging Problems Aided

NEA Newsfeatures

When everyone lived in log cabins, fastening an object on the wall must have been a simple matter—just drive a nail into the wall and that was that. But modern homes are made of an infinite variety of materials.

Plaster may crack and crumble, masonry is difficult to penetrate and tile may shatter. But thanks to the ingenuity of the manufacturers there are special anchors that can ease almost any job of hanging objects on walls.

For extremely lightweight objects — calendars, pictures and such — the adhesive hook will generally suffice. It can be removed by soaking and peeling and it leaves no damage.

For mirrors and heavy objects, get a regular picture hook. Driven into the wall this way instead of at right angles the nail is less likely to tear loose.

**Mounting Heavier Objects**  
For mounting heavier objects, for putting up anything from curtain rods to shelves, something decidedly stronger is needed. Plaster will not hold screws and masonry is too hard. Before a screw is put in the wall, another item is needed — an anchor. The anchor is placed in the wall first. It expands as the screw or bolt is inserted and provides a solid grip.

Lightest and most economical is the plastic anchor. Often these come attached to a stem and are broken off to use. Drill a hole in the same diameter as the shank of the anchor. Put the anchor in the wall. A lip prevents it from going all the way in. When you put a wood screw into the anchor it snaps apart behind a hollow wall or expands in a solid wall providing a tight grip.

Slightly stronger are fiber plugs—a fiber covering with a lead lining. These are used in plaster, concrete or masonry. Drill the hole slightly smaller than the plug and force on.

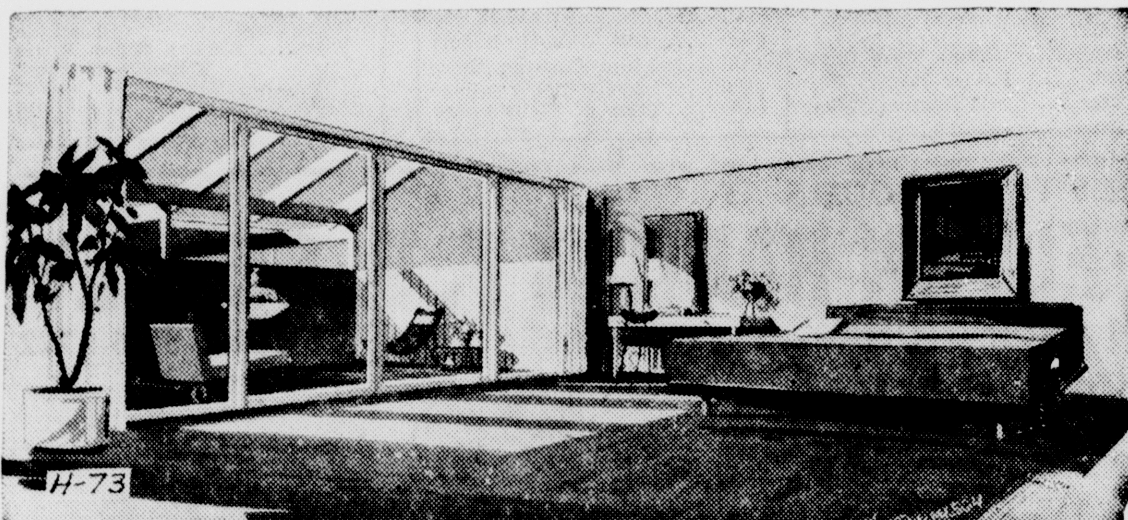

Toggle bolts consist of bolt and folding metal wings. Drill a large hole to admit the folded wings which will then spring open behind the wall. Disadvantage—when the bolt is removed the wings drop behind the wall.

**Expansion Anchors Help**  
Expansion anchors consist of a bolt and threaded metal shield. The shield is not solid, but has ribbed openings along its sides. As the bolt is tightened, it draws up the shield the sides of which bend and expand in the wall. The bolt can then be removed and re-inserted.

A lead anchor is a soft lead sleeve that can be placed in concrete or plaster. A wood screw cuts its own thread in the sleeve while expanding it. The machine bolt anchor is similar except that it is hard and is threaded to admit a machine bolt.

To make holes in masonry surfaces use a star drill or carbide-tipped drill bits.

**LOOKED LIKE SMOKE**  
RENO (AP) — Where there's smoke there's fire. But this time it turned out to be water. The Nevada Division of Forestry got a report of a possible range fire in the hills south-east of Reno. When fire officials checked the report, they found a geyser of water instead. A pipeline between Carson City and Virginia City had sprung a leak and water was spraying as much as 100 feet in the air, resembling smoke.

PRIVATE PATIO: This bedroom section of the master suite has sliding glass doors leading to a private patio. A luxurious bath, separate dressing room and several closets are part of the suite.

## Swainson Party Raises Too Much

DETROIT (AP) — Backers of former Gov. John B. Swainson, faced with too much money in their campaign fund, plan to establish a tuition scholarship program at Olivet College.

The money was raised last Thursday at a \$25-a-plate testimonial, which was scheduled before it was known that Swainson would be unopposed in the April 5 election for Wayne County circuit judge.

Sponsors of the party said they hoped to raise just under \$10,000 for the scholarship program at Olivet, where Swainson and his wife, Alice, met as students.

Newspaper want ads are a big sell: Eight hundred million was spent on classified ads last year . . . more than for all television spot announcements or radio advertising.

MARQUETTE — Tournament notes jotted from Northern Michigan University's spacious fieldhouse as Upper Peninsula prep basketball teams begin their annual battle for the right to advance to the state tournament.

Fans from all parts of the U.P. are gathered in this town for the climax of the cage campaign and C. V. (Red) Money, veteran tournament manager, has his crew geared for capacity crowds . . . They will have to go some, however, to match the attendance of last year's tournaments here . . . Money, head of Northern's department of health, physical education and recreation, says that last year's district and regional tournament at the fieldhouse drew 25,878 paying customers . . . Last year's championship night crowd was a bulging 5,123.

Money is a master at running these tournaments . . . He has a vast crew (185 persons) on his tourney payroll and nothing escapes his attention . . . Press accommodations are excellent, with writers from seven dailies and two weeklies in the scribes' section . . . Nine radio stations and one television crew are also represented.

Coach Bill Mannisto's Hancock Bulldogs are the "strangers" in Class C . . . The last time Hancock made it to the Upper Peninsula tournament was way back in 1944 . . . No Hancock team has ever won a U.P. championship.

Ishpeming is certainly no stranger to the tense tournament situation . . . Hematite quints have captured 13 Upper Peninsula championships since the first tournament was held back in 1913.

Hermansville's Ron Povoio, top Peninsula point producer in the regular season, still heads the U.P. scoring list entering tournament action . . . The 5 foot 9 inch senior hit 661 points in the regular campaign and boosted his total to 723 with three district contests . . . Dom Jacobetti of Negaunee follows Povoio with 665 after pumping in 83 points in three district games.

Escanaba, representing the Upper Peninsula in the Class A regional at Grand Rapids this weekend, is among the few schools ever to win three straight U.P. championships . . . The Eskymos turned the trick in 1960 in Class B and 1961 and 1962 in Class A . . . Negaunee, Crystal Falls, Houghton and Chassell are the only other schools able to win three or more U.P. crowns in succession.

When it comes to defense this season, nobody could match Coach Bill Howes' Rudyard Bulldogs who will be shooting for their third straight Class B title . . . The Bulldogs held their foes to less than 46 points per game and have a 16-4 record . . . Howes, who is rumored to be leaving Rudyard next season, has a remarkable coaching record at the eastern U.P. school . . . in his four years at the post, Rudyard has won 67 games while losing 18 . . . His teams have won four straight district championships.

If Hancock is a stranger in the U.P. tournament, what would you call the Kingsford Flivvers? . . . Kingsford has been playing basketball for some 40 years and this is the first time the Flivvers have ever won a district championship . . . The current crop of Kingsford athletes is shooting for a rare double victory in U.P. sports, attempting to add the coveted George Rudness U.P. championship trophy to the Floyd Barber football trophy they captured last fall.

# Major Leaguers Signing Up Fast

The list of unsatisfied major league baseball players was dwindling fast today following the signing of veteran shortstop Luis Aparicio by the Baltimore Orioles and southpaw Jim Kaat by the Minnesota Twins.

When Kaat signed for an estimated \$26,000 Thursday and the 30-year-old Aparicio agreed to a salary of about \$40,000, only four first-line players remained unsigned.

Still trying to get together with their bosses are Richie Allen, the Phillies' sensational third base rookie last season;

# Lolich To Pitch Season Opener

LAKELAND, Fla. (AP) — Charlie Dessen is reported "wide-eyed and bushy-tailed" at a California hospital, but interim manager Bob Swift is instituting some of his own ideas while waiting for his boss to return to work.

"Charlie is still the boss of this team," emphasized Swift. But at the same time, Swift named Mickey Lolich to pitch the season opener against Kansas City.

"I plan to hold out Dave Wickersham for our first two games in Kansas City so he can start up in Minnesota," explained Swift, who says he will adhere to most of Dessen's ideas but not all.

Wickersham, who has a lifetime mark of 12-4 against the Twins, is being saved for another crack at his favorite target Southpaw Lolich is the logical choice to go against KC with only one left-handed power hitter, Jim Gentile, in the lineup.

Another Swift innovation will be to use Al Kaline as leadoff batter in spring exhibition games. The idea is to give Kaline more chances to bat in the early workouts. But when the American League season starts, Kaline will bat fourth.

"I'm borrowing this idea from Johnny Keane (New York Yankee manager)," said Swift. "He has Mickey Mantle hitting in the leadoff spot in these exhibition games and I'll do it with Al" so he can get as many swings as possible down here."

# Silence Strange For Basketball

DETROIT (AP) — The setting was strange. The thumping dribbles neverbrated loudly from the rafters as basketball players raced up and down the University of Detroit High School gymnasium.

There were no high-pitched female screeches that punctuate the bedlam at other high school tournament games. Not a single girl was there in fact.

This was a game played behind locked doors that barred students, other than players, managers and staticians. There were only 29 spectators—mostly newsmen and photographers whose credentials got a going over before policemen passed them into the 2,800-seat gym.

The locked-door, daytime game was ordered by school authorities and police to avoid any possibility of the violence that erupted after a Tuesday night game at the same gymnasium. Nine persons were stabbed, one critically.

Thursday's game, originally scheduled for Wednesday night, was won 57-44 by Detroit Southwestern, which had only two whites among its 15 players, from Detroit Catholic Central, which had no Negroes.

Highland Park, with four whites among its 12 players, upset favored all-Negro Detroit Northwestern 70-69 with a basket in the final six seconds Tuesday night.

Now Highland Park and Southwestern will meet Saturday without spectators in the Class A regional finals of the Michigan High School Basketball Tournament.

But in giving newsmen the date, James Stout, supervisor of high school athletics in the Detroit Public School System, said: "Under a gentleman's agreement, we're not mentioning time or place."

# Pontiac Stuns Hamtramck '5'

Pontiac Central, accustomed rugged competition in the Saginaw Valley League, surprised third-ranked Hamtramck, 61-53, in one of the biggest upsets of the Michigan high school regional basketball tournament Thursday night.

It was only one of three Class A games played. Flint Southwestern trimmed Bay City Central 63-54 and Detroit Southwestern clobbered Catholic Central 87-64 in the others.

Pontiac Central led most of the way against Hamtramck and held a 29-27 lead at the half. Hamtramck rallied and went ahead by five points in the third quarter. But Pontiac Central outscored it 22-11 in the final period.

Two regional championships will be decided tonight when Dearborn Fordson plays Jackson at Trenton and Ypsilanti meets Walled Lake at Livonia.

Top-ranked Benton Harbor gets its first taste of regional action when it meets Hastings at Kalamazoo. Lansing Sexton (No. 7) faces Holland in the second game of the twin-bill.

Grand Rapids Ottawa Hills plays Escanaba and Grand Rapids Central tackles Muskegon Heights in a doubleheader at Wyoming.

# Old Dick Tiger Favored To Whip Rocky Rivero

NEW YORK (AP) — Aging Dick Tiger, still determined to get a shot at the middleweight title he lost to Joey Giardello, is a 3-1 favorite to whip roly-poly Rocky Rivero of Argentina in a 10-rounder at Madison Square Garden tonight.

Teddy Brenner, the Garden's matchmaker, said positively "Tiger will get a shot at Giardello if he wins. Giardello told me he wants it and we have a spot for it in May."

Tiger, however, said "all I've heard so far are rumors. I want the title fight most of all and I hope to clinch it by defeating Rivero."

The Nigerian lost the 160-pound-division crown to Giardello on a 15-round decision at Atlantic City Dec. 7, 1963.

Rivero and Tiger contracted to fight at 169 pounds, give or take a pound. The paunchy, 28-year-old Argentine has been working hard all week to pare down from 178 pounds.

Tiger, ranked No. 2 contender behind New York's Joey Archer, has a 49-14-3 record, including 23 knockouts. Rivero's record is 41-12-1, including 36 knockouts.

EMPTY SEATS greeted players from Detroit Southwestern high school and Detroit Catholic Central Thursday in a regional tournament basketball game at University of Detroit high school gym. Only 29 spectators saw the game. Besides the players, coaches and officials, most of the visitors were newsmen. The decree to eliminate the audience and to play behind locked doors followed a melee Tuesday in which nine youths were stabbed following a game between two other teams. (AP Wirephoto)

# Fennville Star Hits 60 Points In Defeat

By The Associated Press There is only one word to describe the play in Thursday night's Michigan High School regional basketball tournament—Wild!

Seven of the 12 rated teams which played were eliminated. Two games went into double overtime before the issue was decided, and another pair went into a single overtime.

Three other games were decided by three points or less.

And, to top it all off, Fennville's Rich Jordan scored 60 points to set a single-season scoring record for a prep cager in the state (888 points) in a losing cause!

Barryton, top-ranked in Class D almost all season, edged sixth-rated Saginaw Holy Rosary 73-71, in one of two contests matching members of the top ten. Seventh-ranked Muskegon Christian turned back fifth-rated Mount Pleasant Sacred Heart, 70-49, in Class C, in the other.

Pontiac Central, with Carl Arnold and Jim McClelland supplying most of the scoring punch in the final quarter, upended third-ranked Hamtramck, 61-53, in Class A. Arnold and McClelland combined to score 17 of their 29 points in the final eight minutes.

Fifth-ranked Holt was extended into overtime before dropping Orchard Lake St. Mary, 69-63; and sixth-ranked Lovell thumped Cedar Springs, 109-79, in Class B.

But Allegan (No. 8) ran into a red-hot Niles Brandywine quintet and fell, 61-46.

Also losing in Class C besides sixth-rated Fennville were second-ranked Hancock, which bowed to Stephenson, 57-47, and Hamtramck St. Florian (No. 9), which went into two overtimes before bowing to Wayandotte Mt. Carmel, 74-64.

Dryden (No. 7) was the only other Class D team from among the elite playing and it advanced with a 55-53 triumph over Ecorse St. Francis in the other game to go into double overtime.

## Breaks Peterson's Mark

Orchard Lake St. Mary outscored Holt 17-5 in the final quarter and had a chance to win in regulation time. But one of its players missed a foul shot with eight seconds remaining to send the game into the extra session.

Dan Balos and Rex Thwaits combined for 45 points to pace Niles Brandywine's verdict over

Allegan. The winners held a 33-19 advantage at the half.

Bridgman trailed by ten points, 52-42, at halftime in the game against Fennville. But Glenn Benko, with 32 points, and Wayne Hahn, with 20, sparked a last-period rally which saw the winners' send 35 points through the hoop.

Jordan broke Mel Peterson's old individual season scoring record early in the game, then added to the mark. Peterson tallied 839 points in the 1955-56 campaign while playing at Stephenson.

## Champion Wins

Barryton trailed by five points going into the last quarter in its game against Saginaw Holy Ro-

# Hockey League Plans Expansion

NEW YORK (AP) — The National Hockey League, which hasn't had a franchise change in 23 years, laid the groundwork Thursday to expand from a six-team to a 12-team league possibly two years.

Four U.S. cities, New York, Chicago, Detroit and Boston, along with two in Canada, Montreal and Toronto, form the current league setup which has endured since 1942.

The groundwork was laid at the meeting of the league's board of governors and is the first time concrete steps have been taken toward expansion although such plans have been discussed for several years.

"The NHL proposes to expand its operations through the formation of a second six-team division," Clarence Campbell, NHL president, said after the meeting. "Applications will be accepted from responsible groups representing major league cities in the United States and Canada and when six new teams are accepted the new division will be incorporated into the league."

Campbell said no definite time limit had been set for the expansion program although it was indicated the 1967 season would be the earliest to be considered.

"The six cities which will make up the new division must be of major league status and have arenas with permanent seating capacities and ice surfaces meeting current NHL standards," Campbell said.

"Sufficient players will be made available by the present teams for purchase by the new division so as to make the new division competitive from the beginning of its operations."

Campbell mentioned that Los Angeles and St. Louis qualify now under these conditions and that Baltimore, Pittsburgh, Oakland, Calif.; San Francisco, and Vancouver, B.C., might qualify later.

Spokesmen in Baltimore and St. Louis and Vancouver said they would file applications immediately if the NHL is ready to "accept them seriously."

Defending Class C champion Grosse Pointe St. Paul scored nine points in the last 48 seconds to preserve a 77-67 triumph over Detroit St. Thomas.

Eight surviving rated teams will play tonight with top-ranked Benton Harbor meeting Hastings in Class A and defending champion and top-ranked River Rouge playing Jackson St. John in Class B in the headliners.

MARQUETTE—With Coach Guss Lord pulling the strings from the bench the Stephenson Eagles performed like puppets to derail the Hancock Express 57-47 in the opening game of the Upper Peninsula Class C championship tournament at the Northern Michigan University fieldhouse here Thursday night.

Wakefield overwhelmed Soo Loretto, 78-63, in the other semifinal game last night and will challenge Stephenson for the U.P. championship Saturday afternoon at 2:30.

Coach Bill Mannisto's Hancock Bulldogs waited 21 years for a shot at the U.P. Class C crown and entered the tournament with a glossy 19 game victory string and a No. 2 rating in the final Associated Press prep poll.

But the pride of the Copper Country never had a chance against Lord's well tutored Eagles who were in command of the game from the opening tipoff.

The Eagles made Hancock play their game, calmly setting up the good shots and firing out in an unexpected fast break for solo layups that caught the Bulldogs napping several times.

Although he was the smallest guy on the floor, Stephenson's Dave Bush was a giant in the Eagle performance. The 5-foot 9 inch junior flashed deadly accuracy from outside with seven field goals and added three free throws for 17 points, tops for both teams.

## Top Rebound Job

Ron Fredrickson, a 6 foot 6 inch junior, gave a great exhibition of rebounding and had solid support under the boards from a pair of 6-1 forwards, Jerry Lutri and Jerry Hittman.

Hittman contributed 11 points and Lutri 10, as did Paul Dougovito, Bush's running mate at the guard post. Bob Mellinger, another 5-8 backcourt man, also turned in a steady game as the Eagles ran their overall record to 15-5 entering Saturday's championship battle.

The Eagles scored first on a field goal by Dougovito with 5:50 remaining the first quarter. They nursed a slim lead and had the Bulldogs trailing 12-7 at the end of the frame.

At halftime the Eagles led 23-11, having held Hancock to four field goals and three free throws in the first two quarters.

The Bulldogs made a frier run for it in the third quarter and narrowed the gap to 36-26 entering the finale but Lutri canned a pair of free throws and then put three more points on the scoreboard on a layup and gift toss to make it 41-26. Hancock was unable to recover.

## Stop Pete Wickley

The Eagles put a blanket on Hancock's 6 foot 4 inch Pete Wickley, limiting the Bulldog ace to seven field goals and two free throws for 16 points. Bob Klingbeil and Bob Opala also reached double figures for Hancock, combining for 21. Wickley was one of the Peninsula's top scorers in the regular season with 409 points in 19 games.

Stephenson outscored Hancock by two field goals, 21 to 19, and padded its lead with 15 of 28 free throws. Hancock converted 9 of 17 from the line.

Wakefield took a 21-12 lead over Soo Loretto in the first period and was never headed. Coach Jim Daniels had four starters in double figures as the Cardinals opened defense of their Upper Peninsula championship. Big Jim Frank, a 6 foot 5 inch performer, and Al Inkala, a 6-3 sophomore, teamed up for 37 points and front

line reserve Keith Clark tallied 21 for individual honors.

Leading scorer for the night was Soo Loretto's Pat Murphy who tossed in 22 points in a losing cause.

The monthly economic letter provided by the First National Bank contains a chart showing federal expenditures estimated for fiscal 1966. The total defense budget is \$55,562 million, and total non-defense, \$44,219 million. Of the non-defense items, the largest is interest, \$11,594 million. Other non-defense items, estimated, in millions are:

Space, research and technology, \$5100; agriculture, \$3944; natural resources, \$2691; commerce and transportation, \$2804; housing and community development, \$10; health, labor and welfare, \$8328; education, \$2663; veterans benefits and services, \$4623; general government, \$2462.

Allowances are \$107 million for Appalachia and \$400 for contingencies less \$600 for interfund transactions. For 1966, an administrative budget deficit of \$5.3 billion is expected.

Among points made in the economic report are that in February the economy began its fifth year of expansion, vigorous and with still room to grow.

Beaver, Otter License Sale Starts March 20

Beaver and otter trapping licenses may be procured after March 20 at the Newberry and Sault Ste. Marie field stations of the Conservation Department and from officers, Byron Boogren, district law supervisor of the Newberry district said today.

The season in the district opens at noon April 3 and continues to 12 noon April 18. No licenses will be sold after 5 p. m., E.S.T. April 3. No person who has not reached his 12th birthday may obtain a license. Sealing must be done by 5 p. m., April 20.

The officers from whom licenses may be obtained are Leslie Walstrom, Seney; Ernest Derwin, Manistique; Paul Schlueter, Trout Lake; W. R. McDonald, St. Ignace; Clark O'Brien, Cedarville and Elton Carlson, DeTour.

Sealing is scheduled April 3 to 5 p. m., April 20, E.S.T., at the Newberry and Sault Ste. Marie field stations, and on April 20 from 8 a. m. to 5 p. m., E.S.T. at the Seney field station, Trout Lake fire hall, Lipsett garage, Pickford.

Trappers will be required to give information on the location where the beaver and otter were trapped and the average number of traps per day.

Hospital

Admitted to Schoolcraft Memorial Hospital were Tamera Jeneroux, Rte. 1; Freda Farley, Garden; Horace Askerman, Gulliver; Weller Tuftnell, Indian Lake. Discharged were Phyllis Popour, Blanche Mullen, Carol LaRose and baby.

## West Is Denied Seat In House

LANSING (AP)—House members voted 95-0 Thursday to deny Rep-elect Daniel West his seat in the Michigan Legislature.

They voted to accept a report from a special five-man committee which recommended against seating the Negro, Detroit Democrat because of "a deliberate, long - continued fraud."

The House voted later to declare West's seat vacant. Several Negro members abstained from voting on both measures.

West, 54, admitted to the House committee that he borrowed the identity of a well-known, now - deceased, white New York attorney—thus claiming to be an attorney, graduate of Swarthmore College and Yale Law School and a Phi Beta Kappa.

A man contacted by the Associated Press at West's Detroit residence identified himself as West and said:

"I shall run again and I will be re-elected. There is nothing to stop or prevent me from running."

### Levy Proposed On Parking Lots

LANSING (AP) — Sen. Basil Brown, D-Highland Park, thinks parking lot operators should pay the state \$10 per parking space each year.

He included the fee as part of a bill introduced Wednesday to regulate and license parking operations of more than 10 spaces.

He said that in urban areas buildings are being torn down for parking space with a consequent loss of property, sales and other taxes.

"The business must be lucrative or they wouldn't tear down buildings to get into it," said Brown. "And with the rates they charge they can afford this tax."

He admitted it might be charged that such a levy would discriminate in favor of municipal parking operations, whom Brown would not tax. He said he might consider rebating some of the tax to local jurisdictions to compensate for lost property tax.

He said licensing also would provide "some tightening up" on responsibility for accidents and theft at parking lots.

### Repeal Of Tax On Autos Sought To Save \$225

WASHINGTON (AP) — The automobile industry plans to seek outright repeal of the 10 per cent excise tax on new passenger cars in the proposed midyear reduction of consumer excise levies, it was learned today.

Industry leaders are studying the organization of a concerted effort, possibly including the formation of an industrywide committee with headquarters in Washington, to back legislation along the general lines of the bill submitted about a month ago by Rep. Martha Griffiths, D-Mich.

The industry's major concern is that the reduction be made retroactive to the date of the beginning of congressional consideration, to forestall the possibility of an automobile buyers' strike while the measure is pending.

Full repeal of the excise would mean an average saving of around \$225 per new car. In testimony to the House Ways and Means Committee last summer, industry leaders pledged that the full amount would be passed on to the public.

## Lansing Man, 30, Gets 7½ Years In Shotgun Killing

CHARLOTTE (AP)—Richard Fase, 30, of Lansing, was sentenced to 7½ to 15 years in Southern Michigan Prison Thursday by Circuit Court Judge Archie McDonald on a charge of manslaughter in a fatal shooting.

Originally charged with murder Fase had pleaded guilty to the lesser charge in the shotgun slaying last Sept. 15 of William Hart, 22, also of Lansing.

Judge McDonald took no action Thursday on a motion by Eaton County Prosecutor Wilford Mikesell to dismiss charges in the case against Fase's wife, Lillian, 26, who is free on personal recognizance bond.
